

Who should complete this course?

Our online elearning **QQI level 5 Healthcare Support Assistant Major Award** is designed to give those wishing to work in the Healthcare system a thorough grounding in the necessary skills. The course is relevant and highly practical, with each module focusing on a specific area of care.

The course aims to prepare learners for a career both here in Ireland and Internationally by:

- Facilitating an understanding of the needs of the older person in relation to the maintenance of their independence, dignity, respect, self-esteem, and choice.
- Developing communication, intellectual, practical, and caring skills to respond effectively and with empathy to the needs of the older person.
- Creating an understanding of current and emerging legislation that applies to the care of the older person.
- Raising awareness of the need for personal and professional development while collaborating with older people and their families.

Whether planning to work in hospitals, in the community or in residential care, learners will find stimulating and functional modules with knowledge which can easily be applied to the workplace.

Due to our size and comprehensive range of quality QQI Awards, we can offer learners the option to design and study the awards/modules that best suit their learning style and career goals.

We do not restrict and limit learners to set elective Modules and you can choose from eleven elective modules on this Major Award.

Some of the many benefits in studying this course:

- The ability to design a course that best suits your learning requirements and career goals.
- Fully Online and Flexible and enrolling throughout the year. Earn while you Learn.
- More choice, Innovative Learning approach, High Quality, and unbeatable prices.
