Hotel & Event Online Flower Program

Module 4 Professional Floristry for Weddings & Events

4 Week Online Practical Training Program

Strap yourself in and get ready to take your floristry skills to dazzling new heights with the aid of our Hotel & Event Online Module 4 Program.

Train to be a floral designer specialising in the Wedding and Event sector

Throughout this program students will absorb and put into practice all the tips, tricks & techniques to transform spaces of all sizes into glorious floral bursting rooms guaranteed to wow.

Students will focus on 15 large floral structures throughout as well as a variety of theoretical topics from costing and ordering to building relationships within the wedding & events industry and many more.

On completion, certified students will carry forward a vast amount of fresh skills which will be sure to elevate their business within the industry and help their profile become celebrated for providing undisputed and unforgettable event styling services. So if you are ready to make jaws hit the floor, this course is for you!
